WASHINGTON 25, D. C.

Industry Circular No. 60-28

July 15, 1960

FORM 244 AND FORM 2634

Proprietors of distilled spirits plants
and others concerned:

Purpose. The purpose of this industry circular is to advise you (1) that the use of Form 244, Tank Certificate, on bottling tanks on bottling premises will be continued and (2) that Form 2634, Denaturation of Spirits, should be prepared in accordance with the instructions on the form.

Form 244. While no specific provision is made in 26 CFR Part 201 for the use of Form 244 on bottling tanks on bottling premises, you are advised that internal revenue officers will continue to verify the calibration of such tanks and to certify to the accuracy of the calibration on Form 244, before permitting the use of the tanks.

Form 2634. Form 2634 should be prepared in triplicate, in accordance with the instructions thereon, so that one copy may be furnished to the assigned officer as a notice of intent to denature, before the denaturation is commenced. If the procedure contemplated by instructions on the form proves satisfactory and advantageous, the regulations in 26 CFR 201.407 will be revised.
